## KAIPARA - MANGAWHAI 2025

### Samantha Joy Glass

Samantha is inspired by the ocean and all that it holds: sea life, the water's movement and the peace and clarity it invokes. A great passion of hers is recycling, and Sam uses safety glass and window glass from the 1900s through to the 1970s retro glass to recreate bespoke jewellery pieces, accompanied by sterling silver findings to produce one off pieces. Samantha welcomes commission pieces.
